Session Coordinator’s Minimum Submittal Requirements
for Continuing Education Approval
turn in by **March 31, 2017**

The information below is required so that CAEHA can make a complete application for Continuing Education Contact Hours. CAEHA is an approved Accrediting Agency with CDPH to approve and offer REHS Continuing education contact hours.

Please list in one word document:

1. Title of Session “California Legislative Update”

Justin Malan, CCDEH Executive Director (Moderator)

2. Length of Session: 1 hour, 2:00pm – 3:00pm, Wednesday May 10, 2017

3. Description of Session: Overview of current legislation in California legislature relating to S3 topic. Presenter will outline key provisions of key bills and offer an analysis on implications to the food system, the shared economy and environmental public health community.

4. Educational Objective: Share proposals of statutory changes to California CalCode and other sections of law that are being contemplated. The presentation will put the legislation into the political context in which CAEHA works in California Legislature.

Input from attendees will be solicited to assist in identifying any considerations not taken into account in the discussions around these bills.

5. Anticipated Educational Outcomes for Session:

- Knowledge of main legislative proposals in California that may impact our food system, and food service in a changing economy;
- Brief analysis of pros and cons for each key bill;
- Overview of significant political considerations in taking positions on these bills; and
- Opportunity for attendees to offer their perspectives on the legislative proposals

6. Qualifications and resumes of speakers/presenters:

Justin Malan:

Justin was born and raised in Cape Town, South Africa. He graduated from the University of Cape Town with a Bachelor's Degree in Law and Public Administration and a Masters Degree in Environmental Studies.

After working for several years in State government and in the California Legislature, Justin started his environmental advocacy and consulting firm – Ecoconsult. In this capacity he has represented numerous clients and has served as Executive Director to several associations including the California Conference of Directors of Environmental Health (CCDEH), the California Ocean Science Trust and the California Aquaculture Association. Over almost three decades, Justin has worked extensively with the California Legislature, public interest groups and state regulatory agencies and has served on many state-wide committees and task-forces dealing with a wide array of resource management and environmental health issues.
